

SWIM AND SURVIVE ENROLMENT

PROCESS CHANGES

A recent review of our Swim and Survive Program enrolment procedure has been completed. Of the many ideas presented to us, there was a *strong preference for children to remain in their current class day and time where possible*. In response to this request we have made some changes to the enrolment timetable.

1. All children will receive a preprinted registration form.
 - a. Wonder students - week commencing **Monday 28th November 2011**
 - b. Courage students - week commencing **Monday 28th November 2011**
 - c. Active students - week commencing **Monday 5th December 2011**

2. Children who have not advanced a level will have the next term's swim lesson day and time pre-printed on their enrolment form. If you wish to finalize this enrolment, simply present the form together with payment to the reception desk. This position will be reserved for your child **until 6.00pm Saturday 10th December**. Alterations to this booking day and time can only be requested after the closing date. Please note instructors for the class may change.

3. Children who have advanced a level or are requesting a change in their current class time, will have the opportunity to re-enroll **from 9.00am Sunday 11th December**. To confirm your enrolment, present your form together with payment to the reception desk.

4. Enrolments will be open for everyone **from 9.00am 18th December**.

5. This procedure will be the same for all terms, include term 1 of 2012.
